Lemon Festival in Menton

Program

Day 1 - Welcome in Liguria
Arrival at your 3★ seafront Hotel in Diano Marina. After che check in the clients will enjoy a welcome drink and the dinner in hotel.

Day 2 - Full-day excursion to Imperia: history, traditions and a gourmet experience
Morning departure from the hotel with a local guide to discover Imperia, a genuine Ligurian city where sea, history and culinary traditions blend in harmony.
The first stop is Porto Maurizio, with a walk through its charming old town. Among narrow lanes, historic squares and beautiful viewpoints, you discover the story of the city and its deep connection to the sea.
The tour continues in Oneglia, Imperia's lively commercial and harbour district. Here there is some free time to stroll through the traditional weekly market and take in the scents, colours and typical products of the region.
Then, right on Oneglia's picturesque harbour, a special culinary highlight awaits: an exclusive gourmet pizza experience, prepared by one of the region's most renowned pizzaioli. A tasting of 4 different pizza creations: not only the classic Margherita, but also different dough styles such as Pinsa Romana and more creative, intense flavours like the Carbonara pizza. To finish, a delicious tiramisù is served.

In the afternoon, visit to the Carli Museum, which tells the story of Imperia and its most important culinary tradition: extra virgin olive oil from the Taggiasca olive. A fascinating walk through culture, territory and the centuries-old bond between Liguria and olive growing.

After the museum visit, return to the hotel. For those who wish, the afternoon can end with a relaxed stroll along the seafront cycle path, right next to the hotel. The completely flat route runs along the coast, offering wonderful views and the chance to enjoy one of the Riviera's finest moments: sunset over the sea.

Lemon Festival in Menton

Day 3 - The Menton Lemon Festival: an explosion of colour, scent and tradition

Today our journey of discovery along the Riviera continues with the highlight of the trip: the Lemon Festival in Menton, one of the most famous and distinctive events on the Côte d'Azur.
The festival was created in 1934 to promote local citrus production and bring life to the winter season. Over the years it has grown into an internationally renowned event, famous for its spectacular floats decorated with lemons and oranges and for the festive atmosphere that delights thousands of visitors every year.

Departure from the hotel and drive to Menton along the breathtaking Moyenne Corniche, one of the region's most beautiful panoramic roads, with wonderful views over the sea.
On arrival in Menton we reach the parade area, accompanied all the while by the intense scent of citrus filling the city's streets. The parade of floats, dedicated to a new theme each year, is the heart of the event: thousands of lemons and oranges are used to create spectacular, imaginative scenes, brought to life by music, entertainment and costumed groups.

Day 4

Breakfast at the hotel and departure.
